Dear Nicholas M. Butler School No. 23 Community,

The Governor's Educator of the Year Program highlights educational innovation, student achievement, exemplary teaching, and important services outside the classroom environment that lead to student success. This celebratory program recognizes our state's best teachers and educational services professionals who will be recognized at the Union County Office of Education.

We are proud to announce that the 2018 Governor's Teacher of the Year for Nicholas M. Butler School No. 23 was awarded to Mrs. Krystyna Jaskowski. After a ten-year career in the dental field, Mrs. Jaskowski graduated Summa Cum Laude from Kean University, and began her teaching career at Nicholas M. Butler School No. 23 in 2008. Currently she is the seventh grade AVID content teacher and teaches seventh and eighth grade science. Mrs. Jaskowski has participated in numerous professional development opportunities including AVID, MISE Academy for Leadership in Science Education, Kean Math and Science Program and completed the PATSEL program at William Patterson University. Mrs. Jaskowski serves as an officer on the School No. 23 PTO in addition to various school committees. We are proud that she is part of the Nicholas M. Butler School No. 23 family!

This year's Educational Service Provider of the Year for Nicholas M. Butler School No. 23 was awarded to Ms. Marie Noonan. Ms. Noonan has served the community of Nicholas Murray Butler School No. 23 since September 2002. Ms. Noonan is an advocate for our school community who believes that each child has unique physical, emotional, and academic needs. She believes that a healthy child in a safe environment is the best learner, and that supporting the health and wellness of our team members are essential to excellence in the classroom.

Please join us in celebrating these two amazing professionals for the work they have done, and continue to do, for our school community and district.

Sincerely,

Berthenia Harmon Carolina
