

Students participated in Mabel G. Holmes' Black History Month Virtual Museum. Students viewed the video of Amanda Gorman reading her poem at the inauguration for inspiration and then were able to choose from the following:

1. Choose a famous African American Musician, artist, sports player, painter, inventor, etc. Dress up (if possible) to represent your person. Record yourself reciting a quote from this person and giving a brief summary of who they are and their contribution to the world.
2. Write a poem about "What Black History means to you" and record yourself reciting the poem.
