|  Empty | Emergency Information | Students in the Elizabeth Public Schools shall have an annual physical examination performed at least one time during each developmental stage. Parents are encouraged to take their children to their private physician. The report of such private examination must be recorded on the health record of the Elizabeth Public Schools. The forms may be obtained by request from the school nurse. The school physical includes a genitalia exam for boys completed by the school physician. Physical examinations begin in September. By law, every student between the ages of 10 and 18 is screened for scoliosis every two years. Parents are invited to be present and, if interested, are requested to notify the school in order that the school nurse may inform parents of the examination schedule. Unless your child's school nurse is notified to the contrary, it will be understood that your child may be given any of the following screenings: vision, hearing, scoliosis, and blood pressure. | General | |
