CREATE USER ACCOUNT ON THE POWERSCHOOL PARENT PORTAL

The Parent Portal has been changed to allow Parents/Guardians to create their own account on the PowerSchool Parent Portal. This will also allow parents who have more than 1 child in the district to access all their children from 1 account. The old parent username and passwords will no longer work. You must follow the directions below to create a new account that will allow you access to the Parent Portal. You will need your old usernames and passwords to link your children with your account.

- 1. Open your Web browser to your school's PowerSchool Parent Portal URL. The Log In page appears.
- 2. Click **Create Account**. The Create Parent/Guardian Account page appears.

Use the following table to enter information in Link Students to Account section:

Field	Description
Student Name	Enter the first and last name of the student you want to add to your account.
	Note: Regardless of the name you enter, the system will populate the name based on the access ID and password for the student.
Access ID	Enter the unique access ID for the student. This is ID you used previously to log into the Parent Portal for this student.
	Note: If you do not have this information, contact your school's PowerSchool administrator.
Access Password	Enter the unique access password for the student. This is password you used previously to log into the Parent Portal for this student.

	Note: If you do not have this information, contact your school's PowerSchool administrator.
Relationship	Indicate how you are related to the student by choosing the appropriate association from the pop-up menu.
