

ELIZABETH PUBLIC SCHOOLS

Every Child, Achieving Excellence

Olga Hugelmeyer
Superintendent of Schools

Marie Verdon
Nurse Coordinator

April 2024

Dear Parent/Guardian,

Please be advised that the New Jersey Department of Health and Senior Services has changed several immunization requirements for school attendance in New Jersey. All children born on or after January 1, 1997, and enrolled in the sixth grade, will be **required** to receive a booster dose of diphtheria, tetanus, and pertussis vaccine (Tdap), as well as one dose of meningococcal (Menactra) vaccine.

If your child has already received the above immunizations, please send in a written report from your health care provider so we can update our records.

You have the option of going to your private physician or to a clinic where immunizations are given free of charge. The schedule for these clinics and the necessary forms can be obtained from the nurse's office. Please contact the School Nurse if you have any questions regarding these required immunizations.

Your child must be in compliance with vaccine requirements as noted above or will be **excluded** from school on the first day in September 2024.

Thank you for your cooperation in safeguarding the health of all children in Elizabeth Public Schools.

Abril 2024

Estimado Padre/Tutor,

Por favor este avisado que el Departamento de Salud y Servicios para Personas Mayores del Estado de New Jersey, ha cambiado una serie de requisitos de inmunización para la población estudiantil en New Jersey. Todos los niños nacidos a partir del 1ro de enero del año 1997 que se inscriban en el sexto grado, tendrán que recibir una dosis de refuerzo de la vacuna contra la difteria, el tétano y la tos ferina (Tdap), así como una dosis de la vacuna meningococo (Menactra).

Si su hijo ya recibió las inmunizaciones anteriores, por favor envíe un informe escrito por su proveedor de asistencia médica para que podamos actualizar nuestros registros.

Usted tiene la opción de ir a su médico privado, o a una clínica, donde las vacunas se administran de forma gratuita. El calendario para estas clínicas y los formularios necesarios, pueden ser obtenidos en la oficina de la enfermera. Por favor, hable con la enfermera escolar si tiene alguna pregunta acerca de estas vacunas requeridas.

Su hijo debe cumplir con los requisitos de la vacunación como se señaló anteriormente, de lo contrario será excluido de la escuela el primer día de clases en septiembre del 2024.

Gracias por su cooperación en salvaguardar la salud de todos los niños de las Escuelas Públicas de Elizabeth.
