| <input type="checkbox"/> Crayons | <input type="checkbox"/> Scissors | <input type="checkbox"/> Calculator | |

Library Card

If you do not already have one, please obtain a library card for your child and encourage him/her to use your local library for schoolwork.

***Keep a look out for weekly penny, nickel, and dollar deals at the following stores throughout the summer, specifically during July and August.**

- | | | |
|------------------------|---------------------------|----------------|
| • Staples/Office Depot | • CVS/Walgreens/Rite-Aide | • Supermarkets |
| • Walmart/Target | • Dollar Stores | |

All individual supplies, summer reading, and math summer work (Khan Academy) are expected on the first day of school. Good organization, being prepared with needed supplies, and checking PowerSchool weekly will contribute to a successful fifth grade year. Your 5th grade teachers anticipate an exciting year filled with new adventures and fantastic learning experiences. ***Together we can*** work to achieve greatness during the school year!

Summer Math Practice for Incoming 5th Graders

Dear Students,

As you know, this coming September, you will be learning math at a 6th grade level in your 5th grade math classroom. To brush up on your 5th grade math skills and prepare you for the 6th grade math curriculum, it is important to practice and work to refine your skills during the summer months. You will use the Khan Academy website to gain an advantage and be better prepared for the coming school year. This will allow you extra practice and the opportunity to work at your own pace. Your work should be completed from June through August. Attached are directions on how to connect to your math teachers through Khan Academy and how to begin. Your math teachers will be monitoring your progress and you will receive credit for your hours spent on Khan Academy in September when you return to school. A rubric is below. Please plan to work on Khan Academy for at least 100 minutes per week. Try to set up a schedule for yourself. (For example: You may choose to work for 25 minutes on Monday, Tuesday, Wednesday, and Thursday). You may use your home computer, a computer at the library or a friend or relative's computer. Be sure that you log in each time you visit Khan Academy to receive credit for your work! You should have at least 75% complete of the 5th Grade Course Mastery by September 9, 2022.

FIFTH GRADE SUMMER READING LIST

Students entering Grade Five can complete an **optional** summer reading assignment, which is **due to their Language Arts teacher in September 2022.**

Students will select two books. Students are responsible for acquiring a copy of

each book on their own. They can be found at our school libraries, local bookstores or the Elizabeth Public Library.

Directions for Summer Reading Assignment:

Each student entering Grade 5 must complete a Notice and Note Reading Log (See attached supporting materials) for each book that he or she chooses. After completing the Notice and Note Reading Log, select one of the books and write the next chapter to the book. The chapter can be written from a different character's point of view or a twist to the ending. It will be your choice. The chapter can be from two to five pages long. This assignment will be worth one quiz grade, which will count towards the first marking period when students return in the fall. The grade for this assignment will be based on the attached rubric for Narrative writing.

Please complete one of the following narrative writing assignments below and return it together with your completed Notice and Note Reading Log to your Language Arts Teacher in September. It will be graded according to the Narrative Rubric included in this packet. This grade will count towards a quiz grade during Marking Period 1.

- Write a narrative that continues the story you read from the point of view of a different character in the book. Use details from the story to support your narrative.
- Write a narrative that continues the story you read with a different ending of your choice. Use details from the story to support your narrative.
- Imagine that you are one of the characters from the story you read. Retell the story as if you were writing about it in your diary, presenting events and details from your particular point of view. You may invent other details such as feelings or memories as long as they are consistent with and connected to the story content.
