

Welcome to the **2025–2026 School Year**

“ W elcome back to the Elizabeth Public Schools!

Every strong school year begins with the people who make it all possible: you. The teachers who inspire curiosity. The paraprofessionals who steady the path. The principals and administrators who lead with purpose. The secretaries who keep our schools running smoothly. The counselors, nurses, and librarians who care for minds and hearts. The food service workers who fuel learning. The custodians and maintenance crews who keep our spaces safe and ready. The security guards who protect our halls and our hopes. The IT teams who keep us connected. The bus drivers who start and end our students' days with a smile.

For twelve years on this Board—including two terms as President—I've had the privilege of seeing your work up close. I've watched you turn challenges into opportunities, and effort into excellence. As a proud father in this district—and as one of many board members whose families are part of this community—I know the trust our families place in you. And I've seen you earn it, day after day.

On behalf of myself, our Vice President Maria Carvalho, and the members of the entire Elizabeth Board of Education, thank you for your passion, dedication, and professionalism. We celebrate you for all that you do to ensure every child achieves excellence and is prepared to flourish when they graduate from our schools.

”

Stanley J. Neron
President, Elizabeth Board of Education
