Dear Student,

Welcome to Fourth Grade! This year we will be studying New Jersey, the American Revolution, our government and the election process, business, and Classical myths and fairy tales. Mathematics will continue to be one of our most important subjects and we will have so much fun with various contests in our class. In addition, we will discover and study new concepts in science and social studies.

In preparation for the upcoming year, I am sending a packet of homework on your child's level of English proficiency. Please try and complete as much as you can, and return it on the first day of classes. This will be your first grade in PowerSchool.

I have also included a Reading incentive from Barnes and Nobles, where if they read 8 books they can go to the store and choose a book for free, during the summer.

Enjoy your summer and see you in September!

Sincerely,

Mrs. Jaffe
