Mr. Monteiro thanked the students for a wonderful performance.

Mr. Monteiro welcomed everyone and stated that he is overwhelmed with emotion seeing all of the happy faces of our youth and all the dreams that education has to offer. Mr. Monteiro stated that as Board President he is particularly proud of this group as they are the largest Perfect Score group in the history of this district with 497 Perfect Scores. Mr. Monteiro stated that this is also the largest group to ever attend a Perfect Score rally with over 2,000 people brimming with joy for having helped you arrive at this great celebration. Mr. Monteiro told the students that their parents, guardians, relatives, and friends all support their accomplishments. Mr. Monteiro stated that the students may not know this but the adults struggled to get you where you are today and worked so hard so that many of you can be here in the Elizabeth Public Schools in the State of New Jersey and in this great nation. Mr. Monteiro told the students that they will never achieve great things without enthusiasm. Mr. Monteiro asked the students if they are excited about being Number One, if they are proud of their schools, and if they are going to achieve great things and stated that he believes they are. Mr. Monteiro stated that there are a number of Board members here tonight who are truly committed to the students, the community and their education. Mr. Monteiro introduced Vice President Elcy Castillo-Ospina, Charlene Bathelus, Rafael Fajardo, Francisco González, Stanley Neron, Paul Perreira, and Carlos Trujillo. Mr. Monteiro introduced Superintendent Olga Hugelmeyer, New Jersey Assemblyman Joe Cryan, and stated that these individuals give up their time and energy so that they can create a school district that will help you achieve your greatness. Mr. Monteiro stated that the Board members believe in our City and even though they get attacked by some, they believe that we are the best in New Jersey. Mr. Monteiro stated that even though there are some who will try to mislead you, that is not the case and over the last ten years this district has built many, many new schools. Mr. Monteiro stated that we are currently under construction with the new Academic High School where many of you will attend. Mr. Monteiro stated that we have just recently announced that we will be building an additional gifted and talented school for 1,000 students. Mr. Monteiro stated that as many of you can see here tonight our scores are increasing so it is only natural that we increase the number of seats for the gifted and talented program. Mr. Monteiro stated that this Board is about achieving excellence. Mr. Monteiro stated that this Board and all the staff of the Elizabeth Public School system believe in the American Dream.

Mr. Monteiro stated that it is unfortunate that throughout life there are some naysayers and people who will try to discourage you. Mr. Monteiro stated that the reality is that throughout life you will find people who are negative and say you are not smart enough or not good enough. Mr. Monteiro stated that like many of you his parents came to this country many years ago from a different land and came with nothing but the clothes on their back to raise three boys. Mr. Monteiro stated that the times were very difficult back then and they struggled and moved from apartment to apartment. Mr. Monteiro stated that they believed in the American Dream because it was all about their children. Mr. Monteiro stated that the educational system back then wasn't the best and it certainly wasn't as good as it is today. Mr. Monteiro stated that as children he and his brothers always heard the little voices from the kids outside of Elizabeth who told us that we couldn't achieve greatness because we were from Elizabeth and we weren't smart enough, fast enough or good enough. Mr. Monteiro stated that his father and mother who worked seven days a week and fifteen hour days told us to never give up. Mr. Monteiro stated that they never gave up and came from a foreign country leaving everything behind. Mr. Monteiro stated that one day his middle brother received a phone call that his father, who owned a little bodega in Elizabethport with his mother, was shot by a poor soul who walked into the store and put a gun to his father's face and robbed him of only several dollars. Mr. Monteiro

stated that his father gave him what he had but he still pulled the trigger and shot his father. Mr. Monteiro stated that as young sons they ran to the hospital to find their father holding on to dear life and with God's good grace his father survived that horrific day. Mr. Monteiro stated that just this past Saturday his father turned eighty-four years old. Mr. Monteiro stated that two months after that horrible day his father said he was going back to the store and as sons they implored him not to go back to the store and not to open up. Mr. Monteiro stated that his father said no to his sons and that you never, ever give up and you shouldn't run from fear but run through it. Mr. Monteiro stated that his father didn't give up and he didn't want his three sons to give up. Mr. Monteiro stated that many years later those three boys from Elizabeth, who weren't good enough, weren't tall enough and weren't smart enough, became a judge, a Captain flying with United Airlines, and he is the President of the Board of the 4th largest school district in the State of New Jersey. Mr. Monteiro told the students to always believe in your dreams, dream often and dream big, but never, ever stop dreaming and you could be anything that you set your mind to. Mr. Monteiro stated that today they have proven that and the fact that they are all here today, 480 beautiful examples in this room and how wrong individuals can be about how smart we are and how good we are. Mr. Monteiro stated that even though the reality is that even though some will continue to refuse and to acknowledge our success the Elizabeth Public Schools is the Number One Urban School District in the State of New Jersey and we should be so proud of that. Mr. Monteiro stated that achievement is up and the facts speak for themselves and this is the largest group that has ever walked these halls all over the State of New Jersey. Mr. Monteiro stated that all over the State of New Jersey other children will never have a moment like you are a part of tonight and they might live in places like Westfield, Short Hills, and Princeton but you did it and you are from Elizabeth, New Jersey and you should be so proud of that. Mr. Monteiro stated that their family has paid an extraordinary price so that they can achieve their greatness. Mr. Monteiro stated that they renew our hope in the promise of the American Dream and for that we thank them. Mr. Monteiro thanked all the parents who participate and are engaged in our public school system. Mr. Monteiro stated that we know we don't just want to be the Number One Urban School District and we will be the Number One Public School District in the entire country. Mr. Monteiro thanked everyone for all their hard work.

Mr. Monteiro introduced a senior Board member who has been with the Elizabeth Board of Education for well over eighteen years and has led this wonderful transformation. Mr. Monteiro stated that ironically about ten years ago we were the 487th worst school district and today we are the Number One Urban School District in the State of New Jersey. Mr. Monteiro stated that twelve years ago we only had 23 Perfect Scores and today we have 497 Perfect Scores. Mr. Monteiro stated that you can see the correlation and someone who is very committed to this cause who took on this fight many years ago when his daughters were in the Elizabeth Public School system and it was a failing system. Mr. Monteiro stated that Mr. Fajardo took on the fight that we wouldn't let our schools fail and he went through a great deal of sacrifice and upheaval in his own life. Mr. Monteiro stated that today he couldn't be prouder of calling him his colleague and his friend, Board member Rafael Fajardo.

Mr. Fajardo stated that this is a very proud moment to be standing here in front of you and to see this wonderful event. Mr. Fajardo stated that a few years ago people could not believe that the Elizabeth Public School system could do it. Mr. Fajardo stated that those of us started this quest to climb that mountain for our children and his own children who attended the Elizabeth Public Schools. Mr. Fajardo stated that his entire family attended the Elizabeth Public Schools system and this is what it is all about families. Mr. Fajardo stated that we have built schools, we are training teachers, and we are giving computers to all the children so that they can compete with anybody in the United States of America because we are second to none. Mr. Fajardo stated that this is what this is all about education, education, education.

Mr. Monteiro thanked Board member Rafael Fajardo. Mr. Monteiro recognized former School Board Presidents Armando DaSilva and Fernando Nazco and former School Board member Stefano Calella who are present tonight.

Mr. Fajardo excused himself from the meeting at 7:15 p.m.

Mr. Monteiro stated that we are very honored to have here with us tonight a representative from the great State of New Jersey where they know all too well what is taking place here in the Elizabeth school district. Mr. Monteiro stated that we are the fourth largest school district in the State of New Jersey and the three above us all have been taken over by the State but not this one because this one is doing outstanding. Mr. Monteiro stated that we couldn't be more pleased and honored to have with us our legislative district representative Assemblyman Joe Cryan.

New Jersey Assemblyman Joe Cryan congratulated the students for their great efforts and stated that he is proud of them. Assemblyman Cryan stated that when New Jersey asked these young people answered and we should be very proud of them indeed. Assemblyman Cryan told the students to follow their passion and when they get that chance they are going to move along and inspire other people and they are also going to have unique challenges. Assemblyman Cryan stated that along the way they are going to be questioned and sometimes folks will say it's not cool to get the 300 score. Assemblyman Cryan asked them how many times they have had to turn off the TV or not answer a text message or not do something they wanted because they had to study along the way. Assemblyman Cryan encouraged them to continue to make the right decisions and when they get the challenge and someone asks them to do what they shouldn't, don't do it, always be the yes and always be the one who includes people and always be the one who believes in the right thing and does it. Assemblyman Cryan told the students to always stand for what they believe in because they have been taught the right values. Assemblyman Cryan stated that tonight we celebrate a great night for the City of Elizabeth and every day we celebrate our great children. Assemblyman Cryan stated that together we will make sure that they have the things that they should have and encouraged the children to keep up the success, keep the progress and keep doing what you are doing.

Mr. Monteiro thanked Assemblyman Cryan and stated that Assemblyman Cryan fights hard in Trenton so they can send us more money to build and continue building these wonderful new schools here in the City of Elizabeth. Mr. Monteiro stated that the new school buildings are being built at no cost to the taxpayers in the City of Elizabeth.
