Student Assessments Update

The logo of the New Jersey Department of Education is a large, light blue outline of the state of New Jersey. Inside the outline, the letters 'N', 'J', 'D', 'O', and 'E' are stacked vertically in a large, white, serif font. To the left of the state outline, there is a circular seal featuring a horse, a plow, and a sheaf of wheat, with the text 'THE STATE OF NEW JERSEY' and '1776' visible.

Kindergarten Entry Assessment (KEA)

The KEA is the state required assessment beginning with the 2023-2024 school year. The assessment must be administered within the first six to eight weeks of the school year to measure children's knowledge, skills, and behaviors at the beginning of kindergarten.

The KEA assesses the following areas:

- social-emotional development
- cognitive development
- language and literacy development
- mathematical and scientific reasoning
- physical development

New Jersey Graduation Proficiency Assessment (NJGPA)

The NJGPA is the state required assessment for high school graduation that consists of two content areas:

- English Language Arts (ELA)
- Mathematics

Students have three opportunities to pass each content area:

- March of 11th grade
- Summer between 11th and 12th grade
- October of 12th grade

New Jersey Graduation Proficiency Assessment (NJGPA)

Due to limited space and staff in July, students were invited to participate in the summer administration if they had passed one of the two content areas in March. About 160 students participated in the July administration.

All 12th graders who did not pass one or both areas in March and/or July will be given the opportunity to take the NJGPA again between October 10 and October 16, 2023, with makeup dates October 17 – October 20, 2023

Substitute assessment opportunities will be made available to students who have taken the NJGPA but have not passed one or both subjects.

Fall SAT SchoolDay

PSAT- October 11
Grades 10 and 11

SAT- October 26
Grade 12
